

SaleSpider.com – Enhances Its Local Business Directory

Formatted: Font: Bold

Toronto, Canada – December 15th, 2011 - SaleSpider.com announced that it had enhanced its business directory for quicker browsing and easier searching. Over 12 million businesses have been added to the directory in the last 4 months alone.

Visitors will now be able to search by keyword and location or browse by business type and area. Plus, members can now click on [local business directory](#) page that immediately shows them business within a 25 mile radius of their location.

This also offers [small business marketing](#) and [small business advertising](#) opportunities to help local business reach their target clients and prospects. SaleSpider.com members can now increase their revenues either by local prospects or by reaching across the country and globe to connect with opportunities.

SaleSpider will continue to enhance its site with similar modifications to cement its position as the go to social network for entrepreneurs and businesses.
