

SaleSpider.com – Site Speeds Up to Handle Growth

Toronto, Canada – December 6th, 2011 - SaleSpider.com today announced that it had successfully migrated its data servers and expanded its capacity to handle its rapid growth. In the last 5 months, the business network has broken the 900,000 member threshold and expanded its [business directory](#) to over 11 million US businesses.

Visitors now find the site to be 5 times faster. Plus, its new capacity provides easy flexibility for new expansion and current trends suggest that the network is hitting an exponential growth curve.

The business network is unique in that it offers its community members [free advertising and business promotion](#) to over 900,000 active business owners, a business center that provides support and tools to grow their companies, and daily opportunity matching that feeds users revenue and income leads, available jobs, budgeted contracts, and more.

SaleSpider is established as the defacto leader in [small business](#) within the US and Canada with major brands who leverage the site's audience and reach to tackle the disparate and tough to reach segment with cost efficient distribution.
